## RENEW YOU Services

### • Laser Hair Removal

Laser hair removal is a medical procedure that uses a concentrated beam of light (laser) to remove unwanted hair. During laser hair removal, a laser emits a light that is absorbed by the pigment (melanin) in the hair. The light energy is converted to heat, which damages the hair follicles.

### • Botox & Fillers

A Botox is injected into overactive muscles so that it relaxes them and reduces dynamic lines and wrinkles on the face. Injectable filler is a soft tissue filler injected into the skin at different depths to help fill in facial wrinkles, provide facial volume, and augment facial features: restoring a smoother appearance.

### • Body Whitening

Skin lightening treatment can help you get rid of blemishes, freckles, acne, and various other kinds of prominent skin scars. The treatment results in toned and younger-looking skin. This will certainly boost your confidence and leave you with healthier skin with the help of Glutathione.

## RENEW YOU Services

### • Female Breast Enhancement & Lifting

Breast augmentation is performed to enhance the appearance, size, and contour of a woman's breasts. Threads are also used to get the desired Tightness and Lifting of the breast.

### • Vaginal Tightening

Extreme vaginal tightness could also be a sign of vaginismus floor exercises, vaginal dilator therapy, or Botox injections and fillers to relax the muscles.

### • Male Genital Rejuvenation

The male Genital rejuvenation performed to enhance the appearance, size, and stamina during intercourse and treat Erectile dysfunction using P- Shots and More.

### • O shots O Spots

O" Shot, is a non-surgical treatment which pledges to increase sexual arousal and rejuvenate the vagina.

## RENEW YOU Services

### • Hair Transplant

Hair transplantation is a surgical technique that removes hair follicles from one part of the body, called the 'donor site', to a bald or balding part of the body known as the 'recipient site'. The technique is primarily used to treat male pattern baldness. In this minimally invasive procedure, grafts containing hair follicles that are genetically resistant to balding (like the back of the head) are transplanted to the bald scalp. Hair transplantation can also be used to restore eyelashes, eyebrows, beard hair, chest hair, pubic hair and to fill in scars caused by accidents or surgery such as face-lifts and previous hair transplants.

### • Scalp Micropigmentation

Scalp Micropigmentation (also known as SMP) is more than just a hair tattoo. It's a popular non-surgical hair loss treatment during which natural pigments are applied within the dermal layer of the scalp, replicating a natural shaved head look, hence making it a great solution for hair loss. Micropigmentation is a popular cosmetic procedure for men and women as it enhances the shape of eyebrows, lips, eyes, and more. The same process is applied to the scalp as the smudge-free hair loss solution lasts for years to help restore confidence and self-esteem for those with alopecia or hair loss.

### • Non Surgical Hair Replacement (Hair Patches/Wig)

Non-Surgical Hair Replacement or Hair Fixing method is completely safe and has zero side-effects. After the process, you can easily go back to your normal life, play sports, go gymming, biking, you can shampoo your hair and go swimming as well. Your hair health will not be affected by any of the above activities. Hair Fixing is the most trustworthy brand for Hair Weaving and Non-Surgical Hair Replacement,

## RENEW YOU Services

### • Mole removal

This procedure is deeper than a shave excision and more like traditional surgery. Your dermatologist cuts out the entire mole and below to the subcutaneous fat layer.

### • Freckles

Lasers help lighten and decrease the appearance of freckles safely and effectively.

### • Acne scars

Acne Scars can be very traumatic. But there are effective solutions available for this skin issue. Dermabrasion and Co2 Laser is one of the most effective and common treatments for facial scars

### • Acne

For treating acne multiple chemical peels are used like benzoyl peroxide, glycolic acid, salicylic acid, or sulfur. Benzoyl peroxide. For mild acne several peels and a medicated course to be done

## RENEW YOU Services

### • Eye Bags

Special RF treatment and multiple lasers, can smooth out and tighten the skin under the lower eyelids.

### • Finelines

Under-eye, wrinkles are the very first hint of a person's age. Under-eye, skin is extremely thin and very likely to wrinkle. It can be treated by a light source and radiofrequency treatments and botox.

### • Open Pores

A micro-needling to improve the appearance of pores. And increase collagen in the skin.

### • Deep Pigmentation

Hyper pigmentation is a medical term used to describe darker patches of skin. The treatment involves deep skin penetration and treating the layers below the epidermis, treated by multiple lasers and Photo facials.

## RENEW YOU Services

### • Tattoo Removal

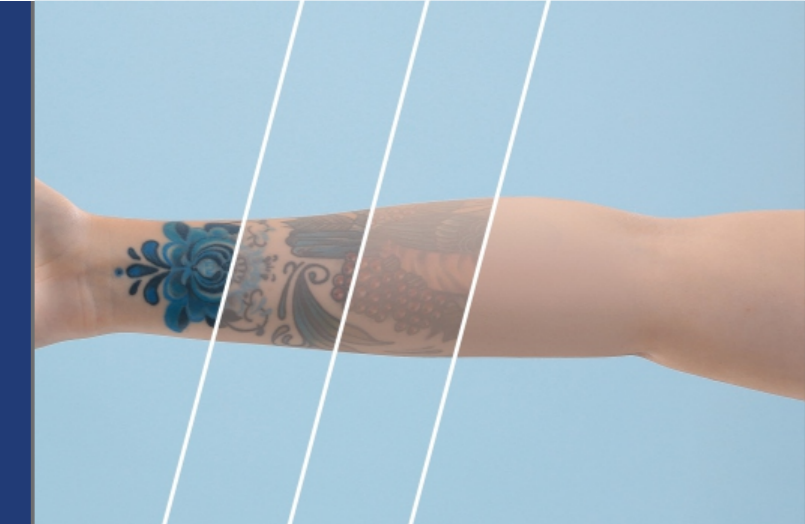

A procedure done to remove an unwanted tattoo. Laser beams use concentrated bursts of energy to heat up the ink beneath the skin, which then breaks the ink into smaller particles. Tattoos with different colors might require the use of multiple lasers operating at different frequencies.

### • Birth Mark

A birthmark is a congenital, benign irregularity on the skin which is present at birth or appears shortly after birth—usually in the first month. They can occur anywhere on the Skin and can be treated through ND YAG Laser and Co2 laser.

### • Accidental Marks

Treatments include Fillers to remove the scar, filler gel injections that help in flattening the scar.

## RENEW YOU Services

### • Permanent Eye Brows

Microblading is a form of semi-permanent tattooing (keep reading if you wanna know how long it lasts). For microblading, a hand tool is used to create a thinner, more precise, hair-like strokes that aren't as deeply ingrained into the skin

### • Permanent Eye Lashes

Enhancement of eyelashes is now an accepted form of beauty treatment seen particularly among women. Lash enhancement is a delicate process that involves patience and finesse. Only expert beauticians with immaculate skill could do eyelash extensions.

## RENEW YOU Services

### • Facelift

Facelift is a skin tightening procedure that fixes sagging skin by tightening the tissues and muscles in the face areas through HIFU and Threads. The procedure of lifting the skin and repositioning it. The result is skin tightening. Any excess skin is moved to prevent further sagginess.

### • Vampire Facelift

A vampire facelift is a procedure that's said to improve the youthful appearance of skin through platelet-rich plasma from your blood

### • Skin Tightening

Some skin tightening treatments use focused ultrasound energy HIFU, which heats skin at specific depths and locations to induce collagen production and help the skin become firmer.

### • PDO Threads

A PDO thread lift is designed to subtly lift the facial features to reduce fine lines and wrinkles while encouraging collagen production for more volume

## RENEW YOU Services

### • For Hair Fall And Dandruff

#### • Ozone

On coming in contact with the roots of the hair strands, ozone rejuvenates and fortifies the hair follicles to strengthen and nourish the hair and scalp. This therapy improves blood circulation and eliminates any microbial infection present in the scalp and hair.

#### • PRP

PRP (platelet-rich plasma) therapy for hair loss is a three-step medical treatment in which a person's blood is drawn, processed, and then injected into the scalp.

Some in the medical community think that PRP injections trigger natural hair growth and maintain it by increasing blood supply to the hair follicle and increasing the thickness of the hair shaft. Sometimes this approach is combined with other hair loss procedures or medications.

## RENEW YOU Services

### • Alopecia

Alopecia areata is a condition that causes hair to fall out in small patches, which can be unnoticeable. These patches may connect, however, and then become noticeable. The condition develops when the immune system attacks the hair follicles, resulting in hair loss.

### • Soriasis Psoriasis

Psoriasis is a skin disease that causes red, itchy scaly patches, most commonly on the knees, elbows, trunk, and scalp. Psoriasis is a common, long-term (chronic) disease with no cure. It tends to go through cycles, flaring for a few weeks or months, then subsiding for a while or going into remission is traced through several Chemical peels and UV therapy.

## RENEW YOU Services

### • Liposuction

Liposuction is a surgical procedure that uses a suction technique to remove fat from specific areas of the body, such as the abdomen, hips, thighs, buttocks, arms, or neck.

### • Tummy Tuck

A tummy tuck procedure, also known as an abdominoplasty is not a weight-loss option. It is a cosmetic procedure. During this surgery, the abdominal muscles are tightened and extra fat is removed. This surgery is available for both men and women, who are healthy or have obesity problems.

### • Double Chin

Cryolipolysis: This procedure removes fat from beneath the skin and sculpts the chin and neck contour.

### • Hydrafacial

HydraFacial is a medical-grade resurfacing treatment that clears out skin pores, plus it hydrates your skin.

## RENEW YOU Services

### • Non-surgical body contouring (Cool Sculpting)

It is also known as non-surgical fat reduction. These procedures reduce or remove stubborn pockets of fat to contour and shape different areas of the body.

### • Stretchmarks

The newest treatments for stretch marks are effective in reducing their appearance. Pulsed dye lasers and intense pulsed light that lightens the appearance of stretch marks and increases collagen production over time.

### • Gynecomastia

This type of surgery removes the breast gland tissue. The surgery is often done using only small incisions. This Non-invasive cavitation and Cryolipolysis are minor surgeries involved which take less recovery time.
